JUL 31 1990

Dear Robert Easley,

Enclosed is the 1990 inspection report for the Chemonics facility in Phoenix, Arizona. I hope this will serve your needs. I was unable to locate the previous inspection report that is mentioned in this memorandum. The files have been prepared for the move to the Hawthorne Building and will not be accessible until early October.

Sincerely,

A handwritten signature in black ink, appearing to read "Martin Zeleznik".

Martin Zeleznik
